

### JOHN DERN WILL REPRESENT UTAH

Directors Elected by the American Mining Congress.

### RICHARDS IS PRESIDENT

SELECTION OF CONVENTION CITY POSTPONED.

El Paso, Tex., Nov. 18.—At the last session of the mining congress today the action of yesterday recommending that the executive committee select Phoenix, Ariz., as the next meeting place, was unanimously rescinded and the choice left with the executive committee. Directors were elected as follows:

For one year, J. H. Richards, Idaho; Thomas Ewing, San Francisco; Frank Watson, Oregon. For two years, John Dern, Utah; George E. Dorsey, Nebraska; E. R. Buckley, Missouri. For three years, E. A. Colburn, Colorado; C. M. Shannon, Arizona; J. W. Malcolmsen, El Paso.

In the drilling contest today for the \$1,000 prize and a silver cup, Chamberlain and Make of Mexico, world's champions, were defeated by Page Brothers of Bisbee, Ariz., but the former's previous record of 42 1/2 inches was not equaled. Page Brothers made 43 1/2 inches in fifteen minutes' drilling, against 39 1/2 inches by Chamberlain and Make.

Officers of the American mining congress were chosen by the executive committee this afternoon, as follows: President J. H. Richards, Boise, Idaho; first vice president, Thomas Ewing, San Francisco; second vice president, E. R. Buckley, Rolla, Mo.; third vice president, E. A. Colburn, Colorado Springs, Colo.; secretary, James H. Calbreath, Denver.

Selection of the meeting place for next year was postponed until the next meeting of the board, which will probably be held two months later.

### JURIST IS DOUBTFUL

Judge Phillips of the Federal Court in Missouri Takes Rebate Cases Under Adversement.

Kansas City, Nov. 18.—Judge John F. Phillips of the United States district court of the Western district of Missouri has taken under advisement the contempt proceedings brought by the federal government for alleged violation of Judge Phillips' order restraining the companies from giving rebates. Judge Phillips said he believed the proper place to investigate the alleged granting of rebates in connection with the Hutchinson salt case was in Kansas, where the company does business, and that the charge against the Santa Fe of granting preferential rates to the International Harvester company ought to be investigated in the federal district of Northern Illinois at Chicago.

Milton D. Purdy, assistant attorney general, in combating the motions to quash the informations, said: "In a court of equity the relief must be as broad as the law. The only redress the government has is in a court of equity. Under the powers delegated to the government to punish the violation of its laws, the giving of rebates by any of these railroads anywhere along their lines may be made the subject of inquiry here."

### RESEMBLES THE CZAR

Sultan of Morocco Anxious to See His People Happy, but Lacks Courage.

Washington, Nov. 18.—Before an audience that literally packed Hubbard Memorial hall, men and women being perched on tables and book shelves, and Professor Willis L. Moore, president of the National Geographical society, chairman of the meeting, balanced on a look-alike, for Professor Moore's experience as a captive of Moorish bandits came into the discussion. In serious international complications, addressed the Geographical society on the subject of Morocco. Speaking of the sultan of that country, he compared him with the czar of Russia, as a man anxious to see his people happy, but lacking the courage of his convictions, the fact and ability to make them so. Morocco have come to be an important factor in the management of the government, he said. Mr. Perdicaris stated that the population of the country is between 4,000,000 and 7,000,000 of people, despite a mistaken idea among tourists that the country is thinly populated. Every one who can live out of sight from the main highways, he declared, in order to escape the exacting official tax gatherers and the fashion of the government in billeting its troops and officials on the people along the roads.

### MELTING THE PESOS.

Philippine Coins Are Worth More Than Face Value.

Washington, Nov. 18.—Cablegrams from the Philippines commission have informed the war department that the silver peso was menaced in the rise in the price of bullion silver, as there was disposition to melt the coins to Hongkong to be melted into bullion. A telegram received today stated that an act by the commission prohibiting the exportation of silver pesos has been ineffective. The price of bullion in the peso at present is about 15 cent more than the value of the coin. As bullion continues to advance, some action may be necessary by congress.

### KILLED IN COURT ROOM.

Case of a Negro Assumes International Aspect.

Jackson, Miss., Nov. 18.—The killing of a negro in a justice's court at Gulfport a few days ago has taken on an international phase. Secretary of State W. P. Power today received a letter from H. G. Hunt, British consul at New Orleans, asking for the return of the negro who was a sailor from the British bark Hornet King and was arrested on a misdemeanor charge. In the court room at Gulfport a controversy arose between the constable and the negro and the negro was killed. The officer was also killed.

### DENVER BANK WRECKERS CANNOT ESCAPE TRIAL

Denver, Nov. 18.—In the criminal court today Judge Peter Palmer overruled the motion to quash the indictments returned by the grand jury against Leonard Imboden, James A. Hill, C. B. Willey, Charles Wood, A. M. Davis, Robert W. T. Camp, D. M. Carey, E. E. Full and H. L. Hull, charging them with conspiracy to wreck the Denver Savings bank. Imboden, Hill, Willey and Davis immediately pleaded not guilty to the charges of embezzlement, conspiracy and obtaining property under false pretenses. The other defendants were not in court, and were given more time to plead. The trial was set for Dec. 1.

### YELLOW JACK AT HAVANA.

Washington, Nov. 18.—Minister Squiers at Havana cabled the state department under today's date that there have been two deaths there from yellow fever.

### WORKED WITH A WILL.

Students at Rexburg, Ida., Beautify Academy Grounds.

Rexburg, Ida., Nov. 18.—Yesterday was Labor day at the Ricks academy. The students, 250 strong, turned out with teams, scrapers, plows, shovels, etc., to level and beautify the grounds. The boys of the carpentry course extended the plank sidewalks. Inside the building was also a busy scene. The domestic science girls prepared an excellent luncheon, which was served to the students in the auditorium at noon. During luncheon an impromptu programme was rendered. The faculty quartette, Professors Kirkham, Olson, Porter and Goff, sang several songs. The brass band also did its share of the entertaining. The efforts of the boys were highly appreciated, as they have been organized but a short time.

All the floors were scrubbed and the blackboards cleaned by the girls. John Jacob, mayor of Rexburg, was present and gave many good suggestions in regard to the work on the campus. All worked with a will and thoroughly enjoyed themselves.

A farewell party was given last night in honor of Edwin Walker and Alvin Ricles, who leave to fill a mission in the eastern states.

### RUMOR MAY BE CORRECT.

London, Nov. 18.—Sir Charles Hardinge, the British ambassador to Russia, will return to St. Petersburg at the expiration of his leave in January, but the impression prevails that his tenure of the post will not be long, and that the report of his ultimate transfer to the foreign office as permanent under secretary in succession to Sir Thomas Sanderson may possibly turn out to be correct.

### SHOCKING IN DETAIL

Dr. Oliver Croo Haugh Held for the Murder of His Father, Mother and Brother.

Dayton, O., Nov. 18.—The coroner today rendered a verdict of guilty in the case of Dr. Oliver Croo Haugh, in jail here charged with the murder of his father, Jacob Haugh, his mother, F. nee Haugh and his brother, Jesse Haugh. The last witness to be examined was Jesse McClelland, a farm hand on the Haugh farm. He related a story of shocking details. McClelland stated that the bodies of the victims then being cremated were plainly visible through the windows and doors of the burning cottage and that it was plain they had been mutilated. It is his belief that the bodies were dismembered and all poured into them. McClelland stated that the body of the mother had the legs cut off at the knees.

It was the first to fall through the burning floor and stood upright against a flue with the stumps of the legs resting on the ground. The son's body was the second to fall to the cellar and the father's followed.

### DELAYED A FEW DAYS.

Paris, Nov. 18.—The minister of war has ordered that the fifteen days' arrest of General Bugere, commander of the French army, for making public details of a conference with the minister of war, shall begin Nov. 24, thus permitting the general to attend the marriage of his daughter next week which will be the social event of the season.

### ANARCHISTS ACQUITTED.

Barcelona, Spain, Nov. 18.—The jury today acquitted the anarchists Picoret, Miranda, Serre, Torres, Bernades and Corominas, who were on trial here on the charge of manufacturing bombs for the assassination of rulers. The trial aroused great interest.

### SUBMITTED TO PRESSURE.

Korean Cabinet Has Accepted Japanese Protectorate.

Seoul, Nov. 18.—The Korean cabinet at 1:30 o'clock this morning agreed to accept the proposition for a Japanese protectorate over Korea by Marquis Ito. It was considered that the ministerial majority was sufficient to carry the measure, and after nine hours' debate all except the prime minister submit to the pressure brought to bear on them by the Japanese minister, Hayashi, and by General Hasegawa, commander of the Japanese troops in Korea. The Japanese prime minister has already instructed the consuls of Japan and Korea to take the most stringent measures to prevent any abuses taking place which might bring criticism upon the Japanese government, and it is believed that the Korean people will be much better governed in the future.

### PLEADED NOT GUILTY.

Senator Burton of Kansas Arraigned for Third Time.

St. Louis, Nov. 18.—United States Senator J. R. Burton of Kansas, indicted for the third time on the charge of having agreed to receive and receiving compensation from the Rialto Grain & Securities company of St. Louis for services rendered in behalf of the company before the postoffice department, was arraigned in the United States court today before Judge Vandevanter. He entered a plea of not guilty. The case will go to trial next Monday morning. Judge Vandevanter today overruled the demurrer of Burton's attorneys to the replication of the government's attorneys to the plea in bar of Burton's counsel to two of the counts in the indictment. Thereafter Burton was tried on six counts, four alleging that he agreed to receive compensation and two that he did receive it.

# WALKER'S STORE

## Midwinter Showing of Beautiful Millinery.

We are showing some exquisite creations in Midwinter Millinery. The very latest conceptions of Foreign artists are awaiting your pleasure—dainty effects designed in our own work rooms vie with the imported models for beauty and taste. ## A Christmas Suggestion from the Men's Corner.

Nothing Makes as Nice a Gift as a Small Outlay as a Pretty Embroidered Linen Handkerchief.

We have a very fine line of pure linen hemstitched handkerchiefs, with 1-8, 1-4 and 1-2 inch hems. Nothing would please him more than one of these with his initial worked in the corner.

It's time to be starting them, too. Come and make selections now. Prices—

15c to \$1.25 each

Special prices by the dozen.

### Smoking Jackets Priced to Close

This will be your last opportunity to get one of our regular stock smoking jackets. We have priced them so they will soon go. Must have the space for Holiday Goods. These jackets have always sold at from \$6.50 to \$15.00 each. To close them out they go at—

Half Regular Prices.

## Opening of "Toyland" in the "Busy Basement."

Notwithstanding our past successes in this department, we will be far better prepared for Santa Claus this season than ever.

The greatest assortment of things to gladden the hearts of the children ever brought to this city.

In addition to regular purchases, we have bought the entire sample line of Dolls and Toys from J. B. Farwell Co. at a wonderful saving.

Monday we will start these going at prices lower than toys have ever been sold here—at retail.

Come before the assortment is broken. They will keep. To put off buying toys means always to be disappointed. Santa Claus must receive letters early this year.
